Email Triage Tool Guide

Purpose: Resolve list size discrepancies (e.g., 3345 vs 3368).

1. Upload 'List A' (The 3345 file).

2. Upload 'List B' (The 3368 file).

3. Click 'Identify Differences'.

4. Review 'New in B' - These are the emails that caused the increase.

5. Review 'Missing from B' - Emails that were lost.

6. Save results to CSV for manual lookup in your database.
